

2010–2015 Consolidated Plan Citizen Participation Meeting Schedule

The County of Greenville NEEDS YOUR HELP!!! The Greenville County Redevelopment Authority is in the process of beginning the 2010-2015 Consolidated Plan as a requirement to administer Community Development Block Grant Funds (CDBG), HOME and Emergency Shelter Grants (ESG). As a part of this process GCRA strongly emphasizes educating the members of the public and all stakeholders about the Consolidated Plan and in turn gathering their input. We will be hosting a series of information/needs assessment sessions and public hearings for all Greenville County citizens and stakeholders alike. Your candid participation is vital. This is YOUR opportunity to make Greenville County a better place for ALL!!!
